## 200M IS A NIGHTMARE TO WALK?

Image: we decided to have a little fun with ChatGPT... what if Sanur woke up to -5°C and snow?

Since the Sanur pavement project began in August 2025, we won't pretend business hasn't shifted. Parking at our doorstep is no longer an option — and for good reason. We genuinely support the village's new regulations: cleaner streets, less congestion, and a far more pleasant stroll along Sanur's sidewalks. That's progress. Public parking for both motorbikes and cars is available on Jl. Wira, just 200 metres away. Rain or shine, is a short walk really too much to ask — even for the occasional whiners — for the greater good and still enjoying your coffee and cake? Consider it a peaceful pre-coffee stroll... you might just extend to walk another block or two for the sheer pleasantry.

### MINDFUL DINING, HAPPY BLOOMING

We love that you love spending time here at Bloom. To keep our space comfortable for everyone, we ask (and will ask) solo diners to choose our counter seating whenever possible, so larger tables remain available for groups. If you're relaxing or working for an extended time, we appreciate a small order every 60 minutes — it helps us keep the atmosphere (and the electricity!) going for all. Thank you for helping us maintain a warm and welcoming space where everyone can bloom.

## A GENTLE REMINDER: DIGITAL DETOX WEDNESDAYS AT CAFÉ BLOOM

DEAR GENTLE READER,

On Wednesdays, Café Bloom observes a most civilised tradition — a pause from the glowing screens that so often claim our attention, and a gracious return to the art of being present. Within our original Café Bloom parlour, we request that laptops, iPads, and telephones be set aside, and that no photo-taking or video-recording take place. Instead, let the hours be filled with proper conversation, unhurried meals, spontaneous laughter, board games bravely contested, sketchbooks thoughtfully opened, or perhaps a quiet tête-à-tête with a good book. It is but one day a week to unplug — and reconnect. Should duty call and work be required, BloomWerk next door stands ready Monday to Saturday, 8am-5pm, where all laptops, tablets, and modern contraptions are most welcome.

## A SMALL PRICE UPDATE FOR 2026

Over the past year, the cost of essential ingredients, from coffee beans and milk to butter and pastries, has steadily increased. We've absorbed these changes for as long as we could, but in order to continue serving the quality and care you've come to expect from us, a gentle revision has become necessary. We remain committed to thoughtful sourcing, honest portions, and the same Bloom warmth at your table.

## FROM BLOOMWERK TO BLOOM AFTER DARK

Sanur nights have found a new rhythm — and for the past two months, Bloom After Dark (BAD) has quietly been shaping its own. During the recent pavement transition along our stretch of Sanur, we chose to see the slower traffic as an invitation to reimagine the space. What was once purely BloomWerk by day now transforms after sunset into an intimate vinyl-listening mocktail bar in collaboration with Westside MuzeeQ — created for music lovers, mindful drinkers, and anyone craving something a little different. Westside Vinyl DeeJays guide the evening through soul, funk, jazz, R&B, 60s-90s classics, and modern house grooves. Thoughtfully crafted sober cocktails, nostalgic bites, and cozy listening corners invite you to slow down, connect, and truly tune in — no alcohol, no hangover, just pure vibe.

Our official Grand Opening is planned for April (date to be announced), and we look forward to celebrating properly with our community. By day, BloomWerk has returned as your 8am-5pm working lounge. By night, step into BAD x Sober Bar every Thursday to Saturday, 7pm-midnight. Come chill, vibe, and rediscover nights in Sanur — the BAD way.

Ever wonder why they're called New York-style bagels? At Bloom, we serve them as they should be. Crafted by Seniman Bakery in Ubud, our bagels are hand-rolled, boiled first, then baked — delivering that signature chew and glossy crust. Dense yet not doughy, they're satisfyingly chewy inside with a lightly crisp exterior. Brought to New York by Eastern European Jewish immigrants in the late 19th century, bagels became a beloved city staple — humble and best enjoyed fresh. Enjoy yours with smoked salmon and cream cheese, or simply just with salted butter.

## MAKE IT A 'SCRABBLE DATE' AT BLOOM

Recently, we hosted the sweetest little Scrabble Date with one of our regulars — and it quickly became one of our favourite ways to spend a slow morning or afternoon (sometimes even among our very own team members). Truth be told, long before we officially called it a “Scrabble Date,” our baristas had already witnessed private scrabble-couples quietly battling it out at our tables. They are s-e-r-i-o-u-s-ly competitive players indeed. Designed for 2-4 Bloom diners, Scrabble Dates are about sharpening the mind while keeping things light, playful, and hearty. Yes, it can get competitive — but at Bloom, we play for connection (and maybe a few triple-word bragging rights). Are you up for a game of Scrabble? And if not, we have other favourites waiting in our little games cabinet, too.

## A SHOT OF PERSPECTIVE: AGREE TO DISAGREE — EVERYTHING'S RELATIVE ANYWAY

Among coffee lovers, few topics stir up as much heat (and froth) as the great espresso debate. What is a cortado, really? How piccolo is a piccolo supposed to be? Ask five caffeine devotees and you'll get six confident answers. From the “perfect” cappuccino foam height to the single-vs-double flat white dilemma—or those who swear by a precise 18.3-gram espresso dose—it all comes down to your beans, your taste buds, and a dash of personality. What follows is our take: brewed, tested, and refined to please our wonderful regulars. Disagree? Fair enough—some might say that's just how we keep things stirring.
